As an active member of the class committee, I have been actively involved in contributing to the betterment of our academic community.

event organisation
Disciplinary Committee

Collaborated closely with the event team, offering valuable support to enhance attendee experience and ensure the overall success of each event.

Aryan Smalta

Hello, I'm Aryan, a passionate 3rd-year IT student with a strong interest in frontend development.I am highly motivated, quick to learn, and eager to contribute

WORK EXPERIENCE

Bolt lot internship (April 02, 2023 - May 25, 2023)
python Developer

I completed my 6 weeks Python developer internship where I gained hands-on experience in building projects using Python and collaborating with a development team.

PROJECTS

tindog(tinder clone) (February 15, 2023 - February 28, 2023)
created a responsive website

Developed a Tinder frontend clone as a personal project, demonstrating proficiency in web development technologies such as HTML, CSS, and JavaScript.

Simon game (March 05, 2023 - March 15, 2023)
The Simon game is a classic memory-based game.

This involved designing and creating a visually appealing interface using HTML and CSS, and implementing functionality using JavaScript.

customer segmentation project (May 02, 2023 - May 25, 2023)
Created a customer segmentation project utilizing machine learning techniques to analyze and categorize customer data

Library management system (April 05, 2023 - April 20, 2023)
Developed a library management system as a team project

Implemented features such as user management, borrowing/returning and functionality enhancing user experience.

Dice game (March 20, 2023 - April 05, 2023)
Designed and developed a dynamic and engaging dice game with sound effects and animations as an independent project.

Drum kit

Created an interactive drum kit project incorporating sound effects and animations, demonstrating proficiency in front-end development and audio manipulation
